

Friends of the American Academy in Rome

Friends of the American Academy in Rome support the dynamic activities of the American Academy in Rome, a leading center for independent research in the arts and humanities. For over 120 years the Academy has offered some of the world's most gifted artists, architects, composers, and scholars the time and space to work in a collaborative and intellectually stimulating environment atop the Janiculum Hill.

Friends of the Academy take part in exclusive cultural and social events with the Academy community and have privileged access to an array of public events such as lectures, concerts, conferences, exhibitions, and readings. Your support as a Friend ensures that the American Academy in Rome will continue to thrive as a nexus for ideas, creativity and experimentation.

I Friends of the American Academy in Rome sostengono le dinamiche attività dell'American Academy in Rome, uno dei principali centri americani fuori dagli Stati Uniti dedicati alla ricerca indipendente nelle arti e nelle discipline umanistiche. Da oltre 120 anni, l'Accademia offre tempo e sostegno economico ad artisti, architetti, compositori e studiosi di grande talento perché possano lavorare e collaborare insieme in uno splendido ambiente intellettualmente stimolante in cima al Gianicolo.

I Friends of the Academy hanno la possibilità di condividere l'atmosfera di scambio culturale e sociale con la comunità di artisti e studiosi dell'Accademia grazie a un ricco programma di attività a loro riservato, godendo inoltre dell'accesso privilegiato a un grande numero di eventi aperti al pubblico, come conferenze, concerti, convegni, mostre e letture. Il suo generoso contributo come Friend permetterà all'Accademia di crescere ogni giorno come laboratorio per imprese intellettuali ed artistiche.
