

## 2024 ROME PRIZE Humanities Guidelines

The Academy accepts pre- and post-doctoral applications for the Rome Prize in the following categories:

Ancient Studies (through the sixth century)  
Medieval Studies (sixth through fourteenth centuries)  
Renaissance and Early Modern Studies (The fourteenth through eighteenth centuries)  
Modern Italian Studies (The eighteenth century to the present)

The Academy invites proposals in archaeology, classics, history, the history of art & architecture, economic & political policy, literature, musicology, theory and other relevant fields. Please note that these categories are not intended to be exclusive. Any approach or combination of approaches to these disciplines will be given consideration. We welcome interdisciplinary work on historic and contemporary issues across the humanities including one or more of the chronological periods listed above. Cross-cultural projects that share Rome and its influences are also welcome.

### **Tsao Family Rome Prize**

We are pleased to offer the Tsao Family Rome Prize to be awarded to a humanities scholar whose project explores the relationship between Chinese and Mediterranean philosophical traditions.

This full-term fellowship will introduce philosophy into the mix of artists and scholars in the AAR community and emphasize the importance of this discipline in establishing a moral framework that may provide ways of moving forward as individuals and as a culture.

Both predoctoral candidates and postdoctoral scholars are eligible for this fellowship, which supports research on the intersection of philosophy with Chinese and Western traditions and draws on Rome as a crossroads between East and West.

### **Pre-doctoral Fellowships**

The Academy offers full-term pre-doctoral Rome Prize fellowships (of approximately ten-months).

Pre-doctoral fellowships are meant to provide scholars with the necessary time to research and complete their doctoral dissertations. Applicants for pre-doctoral fellowships must have fulfilled all pre-dissertation requirements, and preferably completed a draft of the first chapter of their dissertation, by the application deadline.

### **Post-doctoral Fellowships**

The Academy offers full-term (approximately ten-months) and half-term (approximately five-months), post-doctoral fellowships in the fields listed above. All applicants for post-doctoral fellowships must hold a Ph.D. at the time of application.

Two types of post-doctoral Rome Prize fellowships are available:
